

REFEREED RESEARCH

- Optimum storage and germination conditions for seeds of
pickerelweed (*Pontederia cordata* L.) from Florida 4
Lyn A Gettys and R Kasten Dumroese

- Preliminary observations of using smoke-water to increase low-elevation
beargrass (*Xerophyllum tenax*) germination 13
Daniela J Shebitz, Kern Ewing, and Jorge Gutierrez

- Using a diverse seed mix to establish native plants on a
Sonoran Desert burn 21
**Scott R Abella, John L Gunn, Mark L Daniels, Judith D Springer,
and Susan E Nyoka**

REFEREED RESEARCH

- Optimal seeding depth of five forb species from the Great Basin 32
Jennifer K Rawlins, Val J Anderson, Robert Johnson, and Thomas Krebs

GERMPLASM RELEASE

- Notice of release of La Salle germplasm Arizona cottontop selected
class of natural germplasm 43
**Forrest S Smith, William R Ocumpaugh, Paula D Maywald,
John Lloyd-Reilley, Shelly D Maher, Keith A Pawelek,
Andrew W Scott Jr, and Juan Garza**

- Collecting and processing Salicaceae seeds 48
Bernard I Daigle and J Dale Simpson

- The Crush and Spray: a patented design for herbicide application
with less waste 53
Cherie LeBlanc Fisher and Adam H Wiese

GERMPLASM RELEASE

- Notice of release of 'Continental' basin wildrye 57
Thomas A Jones, Steven D Parr, Susan R Winslow, and Manuel A Rosales

- Five years' storage of seeds from three willow species 63
J Dale Simpson and Bernard I Daigle

REFEREED RESEARCH

- Effect of habitat and plant position relative to the soil surface on survival
of basin wildrye seedlings (*Leymus cinereus*) 69
Steven O Link and David JM Bradney

BOOK REVIEW

- Rare Wildflowers of Kentucky* 74
