

REFEREED RESEARCH	
Seed isolates of <i>Alternaria</i> and <i>Aspergillus</i> fungi increase germination of <i>Astragalus utahensis</i> Sean D Eldredge, Brad Geary, and Scott L Jensen	89
Length of cold stratification period affects germination in green alder (<i>Alnus viridis</i> (Chaix) DC. subsp. <i>crispa</i> (Aiton) Turrill) seed collected from northwestern Alberta Jasmeen Kaur, Amanda L Schoonmaker, and Jean-Marie Sobze	95
GENERAL TECHNICAL	
A low-cost modification to a Flail-Vac Harvester for collecting lightweight, wind-dispersed seed David B Simonson and Derek J Tilley	103
GERMPLASM RELEASE	
Notice of release of Carrizo Blend little bluestem: a selected class of natural germplasm Forrest S Smith, Anthony D Falk, Keith A Pawelek, John Lloyd-Reilley, Shelly D Maher, and Andrew W Scott Jr	109
Notice of release of Duval Germplasm red lovegrass: a selected class of natural germplasm Anthony D Falk, Forrest S Smith, Keith A Pawelek, John Lloyd-Reilley, Shelly D Maher, and Andrew W Scott Jr	119
Notice of release of Charleston Peak Germplasm slender wheatgrass: a selected class, genetically manipulated track pre-variety germplasm Kevin B Jensen, Steve R Larson, B Shaun Bushman, and Joseph G Robins	127
BOOK REVIEW	
<i>Native Seed Production Manual for the Pacific Northwest</i>	134
