

**REFEREED RESEARCH**

Optimum storage and germination conditions for seeds of pickerelweed (*Pontederia cordata* L.) from Florida  
**Lyn A Gettys and R Kasten Dumroese** 4

Preliminary observations of using smoke-water to increase low-elevation beargrass (*Xerophyllum tenax*) germination  
**Daniela J Shebitz, Kern Ewing, and Jorge Gutierrez** 13

Using a diverse seed mix to establish native plants on a Sonoran Desert burn  
**Scott R Abella, John L Gunn, Mark L Daniels, Judith D Springer, and Susan E Nyoka** 21

**REFEREED RESEARCH**

Optimal seeding depth of five forb species from the Great Basin  
**Jennifer K Rawlins, Val J Anderson, Robert Johnson, and Thomas Krebs** 32

**GERMPLASM RELEASE**

Notice of release of La Salle germplasm Arizona cottontop selected class of natural germplasm  
**Forrest S Smith, William R Ocumpaugh, Paula D Maywald, John Lloyd-Reilley, Shelly D Maher, Keith A Pawelek, Andrew W Scott Jr, and Juan Garza** 43

Collecting and processing Salicaceae seeds  
**Bernard I Daigle and J Dale Simpson** 48

The Crush and Spray: a patented design for herbicide application with less waste  
**Cherie LeBlanc Fisher and Adam H Wiese** 53

**GERMPLASM RELEASE**

Notice of release of 'Continental' basin wildrye  
**Thomas A Jones, Steven D Parr, Susan R Winslow, and Manuel A Rosales** 57

Five years' storage of seeds from three willow species  
**J Dale Simpson and Bernard I Daigle** 63

**REFEREED RESEARCH**

Effect of habitat and plant position relative to the soil surface on survival of basin wildrye seedlings (*Leymus cinereus*)  
**Steven O Link and David JM Bradney** 69

**BOOK REVIEW**

*Rare Wildflowers of Kentucky* 74
